Dear Mr. Abdul Wahid:

Thank you for registering your paper 1570764723 (*Smart Campus Framework: A Solution for New Normal Education System*) to **2021 IEEE 5th International Conference on Information Technology, Information Systems and Electrical Engineering (ICITISEE)**. You still have to upload your manuscript at <https://edas.info/uploadPaper.php?m=1570764723>. Your manuscript can be application/pdf, application/msword and application/vnd.openxmlformats-officedocument.wordprocessingml.document.

You can see all your submissions and their status at

<https://edas.info/index.php?c=28857>using your EDAS user id wahid@unm.ac.id.

Once you upload your manuscript, you will receive another email confirmation.

Regards, Rizki Wahyudi
TPC Chair of ICITISEE 2021

To: Abdul Wahid <wahid@unm.ac.id>

Dear Mr. Abdul Wahid:

Information about your paper #1570764723 ('Smart Campus Framework: A Solution for New Normal Education System') for 5th ICITISEE 2021 was changed by Abdul Wahid ():

keywords: smart campus; generation Z; hybrid classroom; Covid-19 pandemic; New Normal Education

No further action is required from you.

If you have already submitted your manuscript, you can change it at any time before the deadline by [web form upload](#).

You can [see all your submissions](#), using the EDAS user name wahid@unm.ac.id. From there, you can see the current status of the papers, whether a manuscript has been submitted and can edit the paper information.

You can directly view information about your [paper](#).

Once you update your manuscript, you will receive another email confirmation.

Regards, Rizki Wahyudi
TPC Chair of ICITISEE 2021

To: Abdul Wahid <wahid@unm.ac.id>

Dear Mr. Abdul Wahid:

Information about your paper #1570764723 ('Smart Campus Framework: A Solution for New Normal Education System') for 5th ICITISEE 2021 was changed by Abdul Wahid ():

Abstract: The Covid-19 pandemic that has hit the world has affected all aspects of human life and has even forced humans to shift their life habits, including in the world of education. The learning model must shift from the traditional model to modern synchronous or asynchronous model with information technology-based applications. This condition is known as the New Normal era in the education system. Y Generation and Z Generation as educational objects are now very close to technology, especially information technology, including in the teaching and learning process, so there is no need for the extra effort in this regard. Therefore, what is needed is how to create a learning environment under the characteristics of this generation and can also support the new normal era of the education system. We offer the concept of a smart campus framework that integrates an IT-based learning system and a hybrid smart classroom system as a modern education method in an educational scenario that promises to accelerate quality education without leaving a good learning process. This article designs the concept of a smart campus framework that will accommodate a learning model that will accelerate the improvement of the quality of education through smart learning solutions and smart blended learning systems. We also offer achievements in improving service performance through smart academic services solutions and being able to accommodate the management of existing classroom resources through smart equipment system solutions. This framework is designed to automatically solve all university-level education system problems based on multimedia and integrated with websites and information systems used on campus.

To: Abdul Wahid <wahid@unm.ac.id>, Seny Luhriyani <seny.luhriyani@unm.ac.id>, Nurhikmah H <nurhikmah@unm.ac.id>, Jumadi Parenreng <jparenreng@unm.ac.id>, Muhammad Fajar B <fajarb@unm.ac.id>, Muhammad Irfan Nur <irfannur@unm.ac.id>

Dear Mr. Abdul Wahid:

Congratulations - your paper #1570764723 ('Smart Campus Framework: A Solution for New Normal Education System') for 5th ICITISEE 2021 has been **accepted** and will be presented in the session titled ___.The reviews are below or can be found at <https://www.edas.info/showPaper.php?m=1570764723>.**Review 1****Relevance and timeliness: Rate the importance and timeliness of the topic addressed in the paper within its area of research.**

Good (4)

Technical content and scientific rigour: Rate the technical content of the paper. (e.g. completeness of the analysis or simulation study, thoroughness of the treatise, accuracy of the models, etc), its soundness and scientific rigour.

Good (4)

Novelty and originality: Rate the novelty and originality of the ideas or results presented in the paper.

Average (3)

Quality of presentation: Rate the paper organization, the clearness of text and figures, the completeness and accuracy of references

Good (4)

Recommendation: How do you rate your recommendation?

Accept. (3)

Detailed comments: Please justify your recommendation and suggest improvements in technical content or presentation.

Novelty is not the key aspect of this paper. However, it is well documented and presented. Good that scenario is implemented. It could be nice to have further details on satisfaction and other relevant KPIs.

Review 2**Relevance and timeliness: Rate the importance and timeliness of the topic addressed in the paper within its area of research.**

Good (4)

Technical content and scientific rigour: Rate the technical content of the paper. (e.g. completeness of the analysis or simulation study, thoroughness of the treatise, accuracy of the models, etc), its soundness and scientific rigour.

Below Average (2)

Novelty and originality: Rate the novelty and originality of the ideas or results presented in the paper.

Good (4)

Quality of presentation: Rate the paper organization, the clearness of text and figures, the completeness and accuracy of references

Average (3)

Recommendation: How do you rate your recommendation?

Reject. (0)

Detailed comments: Please justify your recommendation and suggest improvements in technical content or presentation.

Although the author described that the design and implementation of their smart campus framework were still ongoing, this paper is an idea paper and does not guarantee feasibility. Moreover, the author must prove that the proposed smart campus framework can offer new normal education system by a simulation or a prototype system.

Review 3

Relevance and timeliness: Rate the importance and timeliness of the topic addressed in the paper within its area of research.

Good (4)

Technical content and scientific rigour: Rate the technical content of the paper. (e.g. completeness of the analysis or simulation study, thoroughness of the treatise, accuracy of the models, etc), its soundness and scientific rigour.

Good (4)

Novelty and originality: Rate the novelty and originality of the ideas or results presented in the paper.

Good (4)

Quality of presentation: Rate the paper organization, the clearness of text and figures, the completeness and accuracy of references

Average (3)

Recommendation: How do you rate your recommendation?

Accept. (3)

Detailed comments: Please justify your recommendation and suggest improvements in technical content or presentation.

1. In the introduction section, you should also discuss previous research on smart campuses. Unfortunately, you talk too much about what you do but talk too little about similar research.
2. All of your statements in the introduction are unfounded. You should include previous research that can prove your statement
3. The explanation given is good and detailed, but make sure it is in accordance with the IEEE rule template. For example, place figures and tables at the top and bottom of columns. Avoid placing them in the middle of columns.

Regards,
Rizki Wahyudi

Dear : Abdul Wahid

The 2021 IEEE 5th International Conference on Information Technology, Information Systems, and Electrical Engineering (ICITISEE) Editorial Committee has completed the reviewing process and we are pleased to inform you that your manuscript:

Paper ID : 1570764723

Title : Smart Campus Framework: A Solution for New Normal Education System

Author(s) : Abdul Wahid, Seny Luhriyani and Nurhikmah H (Universitas Negeri Makassar, Indonesia); Jumadi Parenreng (Universitas Negeri Makassar-Indonesia, Indonesia); Muhammad Fajar B and Muhammad Irfan Nur (Universitas Negeri Makassar, Indonesia)

has been ACCEPTED as ORAL presentation in the 2021 IEEE 5th International Conference on Information Technology, Information System, and Electrical Engineering (ICITISEE).

We are also pleased to announce that your paper is selected to be sent to IEEE after being revised according to the reviewers' comments, and maybe publish in IEEE Xplore. For inclusion in the IEEE Xplore we require that you revise the full paper according to the reviewers' comment and then submit the full paper camera ready by November 10, 2021. (use the IEEE format as attached: maximum 6 pages and in pdf eXpress file which should be created through PDF eXpress link <https://www.pdf-express.org> with conference ID: 53823X)

Payment can be made by:

Payment Via Mandiri Account

Mandiri (No. Rek: 1800022992244)

a.n Universitas Amikom Purwokerto

Note:

Bank Transfer payment should state the information of the author's name and the paper ID. After the bank transfer process has successfully proceeded, Participants should confirm their payment by sending the proof of payment to ICITISEE Committee together with the signed Copyright Transfer Agreement (attached file) by EDAS or by email to icitisee@amikompurwokerto.ac.id.

The program schedule of each session will be posted soon on the 5th International Conference on Information Technology, Information System, and Electrical Engineering (ICITISEE) 2021 Website. (<http://icitisee.amikompurwokerto.ac.id>).

Only presented paper at the ICITISEE 2021 will be included in the Proceeding. Presenting authors MUST completely fill the online registration for ICITISEE 2021 conference by November 8, 2021 to secure a space in the technical program. If none of the authors will be able to present the paper, corresponding author should notify us by replying this e-mail as soon as possible and request for withdrawal from the technical program. The conference will be disrupted by missing papers and gaps in oral or poster sessions. For all participants' convenience, we urge that all participants inform the ICITISEE 2021 Committee about all cancellations as soon as possible.

Detail information related to ICITISEE 2021 is available and updating periodically in the conference website, please visit <http://icitisee.amikompurwokerto.ac.id/>

We highly appreciate your participation and look forward to welcoming you in ICITISEE 2021 in Zoom platform, on November 24th-25th.

Conference Organizing Committee
General Chair,

Rizki Wahyudi, M.Kom.
