We have reached a decision regarding your submission to Asian journal of conservation biology, "MANGROVE FOREST MANAGEMENT MODEL AS A SUSTAINABLE PRODUCTION FOREST IN SOUTH SULAWESI, INDONESIA".

1. Materials and methods need revision. A conceptual framework of the study may be included in the methodology.
  2. As the text mentioned Covid-19, there is a scope for improvement of title (eg. adding a word like post COVID 19).
  3. The introduction and discussion could be revised with 2-3 latest references, linking the work to conservation.
