Dear Sulaiman Samad,

We have reached a decision regarding your submission to International Journal of Language Education, "Counseling Service in Multiple Languages in Multicultural Setting".

Our decision is to: revise the paper.

- The following comments from reviewers:
- The title should reflect the content of the article
  - There is a need to add reference in the methodology section
  - Findings:
    - the findings should respond to the research aims of research questions
    - the findings should be elaborated what the data mean
  - Discussion, It is too short and it needs more detail explanation of the data and the literature
  - There is a need more explanation of the conclusion. some references are not stated in the final section. Add it!!

We are looking forward to receiving your revisions.
