Dear Associate Prof. Faisal Syafar,

Ref: Article title: "International Consensus on Data and Information Quality for Better Quality Decision Making in Higher Education Institutions"

Submission code: IJPQM-34874

I am pleased to inform you that your article will be accepted for publication in Int. J. of Productivity and Quality Management subject to: (1) updating the literature review with 8-10 latest articles published in well-known journals in the field during 2017-2020; (2) carefully proof-editing the language of the paper; and (3) formatting the paper as per IJPQM including references and their complete details.

You will then need to upload the final version of this article and your author copyright agreement form(s) or your Open Access order form.

**\* INSTRUCTIONS \***

Log in to the Inderscience Submissions system. There is a reminder facility there if you have forgotten your username or password.

Then go to the following link, and you will be taken to the correct section for uploading:

<https://www.indersciencesubmissions.com/track/index.php?action=submissiondetails&intSubmissionId=34874>

1. Scroll down the page to the section called "Peer Review Progress".

Use the "Edit metadata" link to make any required corrections to the title, abstract or keywords. Please also review carefully for any spelling or grammatical errors.

Remember to use the "Save" button to save your changes.

It is not possible for you to make changes to author information yourself. If changes are essential, then you will need to get approval by contacting the journal's Editor in Chief with your change request and a clear reason for the change.

This request must come from all the authors, including the person you are adding or removing and they must be copied into the email you send.

2. At "Type of Article" select from the drop-down list whether the article is a "Standard" article or an "Open Access" article.

If you are submitting an Open Access article, select the OA Licence and upload your completed OA order form, and then move onto point 4 on this list.

(See more information on the Inderscience web site at  
[https://www.inderscience.com/info/inauthors/author\\_oa.php](https://www.inderscience.com/info/inauthors/author_oa.php) )

3. If you are submitting a Standard article, use the "Browse" or "Choose file" button to locate and insert your signed Author Copyright Agreement Form. Then use the adjacent 'Upload' button.

We must receive a signature from every author.

Author signatures can be all on one form or on separate forms.

If there is more than one form, please submit forms all together in a zipped file.

It is not acceptable for one author to sign on behalf of the other authors.

The Author Copyright Agreement Form (and instructions on how to sign and submit it) can be found on the Inderscience website at

[https://www.inderscience.com/info/inauthors/author\\_copyright.php](https://www.inderscience.com/info/inauthors/author_copyright.php)

If you are publishing as Open Access, you do not need to submit a copyright agreement form.

4. Next you need to insert the final version of your article.

Find your latest version. (You can download and use the file you submitted to our system if you wish. See 'Author's original submission' or 'Author's revised version')

Re-insert the author details, such as name, email address, institution and biographical statement in the first page of your document.

Be sure to remove your reply or any response to reviewers that might show at the beginning of your article.

Save your changes and rename the file "authorFinalVersion.doc" or "authorFinalVersion.docx".

No other files types are accepted.

(if this is a LaTeX file, please upload a pdf version as a supplementary file).

Now return to our submissions system, and use the "Browse" or "Choose file" button to insert this file. Then use the adjacent 'Upload' button.

5. Check that you have done all 4 steps above as required and then use the "Submit" button to complete the process.

Thank you! Your continuing cooperation is most appreciated.

With kind regards,  
Prof. Angappa Gunasekaran (Editor for this submission)

Dear Faisal Syafar,

Ref: Article title: International Consensus on Data and Information Quality for Better Quality Decision Making in Higher Education Institutions  
Submission code: IJPQM-34874

The first proofs of your article submitted for publication in Int. J. of Productivity and Quality Management are now ready for checking.

To do this, please log in to Inderscience Submissions at <https://www.indersciencesubmissions.com>

There is a reminder facility on the home page if you have forgotten your log in details.  
Go to the "Track progress of your article and submit revisions" section.

Download the proofs of your article and the Amendment Sheet, noting any required changes on the proof and/or the Amendment Sheet.

1. If a version of your article has been previously presented at a conference, complete the relevant section on your proof. If not previously presented, use the Amendment Sheet to ask for that section to be removed.
2. Please review your keywords - they should be single words or phrases, not descriptions. A pdf with guidelines on keywords can be found at [http://www.inderscience.com/info/inauthors/author\\_mp.php#title](http://www.inderscience.com/info/inauthors/author_mp.php#title)
3. If you have supplied any figures, please note that they will only be in colour in the online version, and will appear in black and white in the printed version.

However, if the quality of the colour figure you supplied is not suitable to be produced in colour, it will be shown in black and white in the online version too. You may like to send a better quality colour image now with your revised proof.

4. Upload your annotated pdf and Amendment Sheet, if you have used it.

Please check your proof carefully, within 14 days of the date of this email; this will assist us in publishing your article in a timely manner.

The typesetters will review your changes and make the required amendments. You will then receive a further email indicating that the second and final proofs are ready for you to check.

It is the policy of Inderscience Publishers not to publish any articles until approval of the edited copy has been obtained from the author, so we would appreciate your very prompt action.

Please note that a delay in sending us your amendments or approval of this first proof means that we are unable to guarantee to publish your article in the allocated journal issue.  
The Editor of this journal will be informed if we are unable to publish your article in this issue.

Please do not use the 'Reply' function with this email - we will not receive your message.

Kind regards,  
The Inderscience Submissions Team
