Dear Authors,

IBIMA publishing team is in the process of editing and formatting your article ID 730973. We have noticed that the figures of the article might have been published before. Please make sure you remove any figures, tables, website screenshots, graphics,..etc., from the paper from any previously published article unless you have a written permission from the publisher. You need to obtain written permissions from the publisher to include any copyrighted material in your manuscript. Only mentioning the source with a reference is not enough. In case you've created these figures yourselves, you need to confirm that these figures are from your own creation and we will keep a copy of your reply in file.

Once done, please send it back to me to complete the publishing process.
