Dear. Editor

Thank you for all the suggestions for improvement that have been given by anonymous reviewers to improve our articles. Attached to this email is the results of our article repair in accordance with the suggestions of editors and anonymous reviewers as well as 19% plagiarism test results. We have taken note of some important notes given by the editor and made revisions as follows:

1. The title has been adjusted according to the anonymous reviewer's suggestion;
2. In the introduction, revisions have been made. Sections that have been revised include the addition of new paragraphs or sections related to (1) the two main perspectives on which this study is important; (2) describe the research question; (3) describe the research objectives; and (4) develop a conceptual framework that is built based on empirical facts and theoretical facts that can support the formulation of research hypotheses;
3. Development of research methods;
4. Development of results and discussion; and
5. Plagiarism test is below 20%, after the revised article is complete, we have carried out a plagiarism test with 19% results.

Thank you. Hopefully healthy and successful always.

Regards,

Dr. Muhammad Hasan, S.Pd.,M.Pd.
