Assalamualaikum,

Pihak kami mendapati terdapat ralat dalam penulisan manuskrip dan memerlukan pembetulan minor. Mohon pembetulan segera untuk beberapa perkara yang berikut:

1) Semua rajah, carta dan graf hendaklah dilabel dan disediakan dalam **halaman lampiran**, berasingan daripada teks.

2) Rajah, jadual dan graf hendaklah disediakan dalam bentuk **hitam putih** sahaja dan dilabel mengikut urutan yang betul.

Untuk maklumat lanjut, anda boleh juga melayari laman web Sains Malaysiana di <http://www.ukm.my/jsm/panduan%20penulis.html> untuk panduan dan rujukan selanjutnya.

Sila kembalikan kepada kami manuskrip yang telah dibuat pembetulan selewatnya pada jam 4 petang ini untuk diproses. Segala kerjasama didahului dengan jutaan terima kasih.

Sekian.
