Dear

Editor Kurdish Studies (KURDISH)

We have read and used scientific articles published in Kurdish Studies. The performance of Kurdish Studies was excellent, and the published article helped us conduct research and write scientific reports.

I am Firdaus W. Suhaeb, representing other authors from Universitas Negeri Makassar, Indonesia. We have completed a scientific article entitled "***Dynamics of Social Integration in Sustainable Development: A Case Study in Urban Multicultural Societies.***"

We hope this article can be published in Kurdish Studies because exciting findings in the scientific report can become new treasures in science, especially in social sciences. We are willing to go through the review process following Kurdish Studies standards.

Best Regards,

Firdaus W. Suhaeb

Dear

Firdaus W. Suhaeb, et al.
Universitas Negeri Makassar, Indonesia

Thank you for submitting the manuscript to Kurdish Studies.

We have completed our evaluation, and the reviewers recommend reconsidering the manuscript following minor revisions. Please resubmit the revised manuscript by October 28th, 2023, or ask whether an alternate date would be acceptable. We invite you to send it back after addressing the comments below.

When revising the manuscript, consider carefully all issues mentioned in the reviewers' comments: outline every change made in response to their comments and provide suitable explanations for any remarks not addressed. Please also note that the revised submission may need to be reviewed.

To submit a revised manuscript, please log in as an author at this email, and navigate to the "Revision" folder. Kurdish Studies values team contribution, and I look forward to receiving the revised manuscript.

Editor and reviewer comments:

Reviewer #1:

- Clarity of Objectives:** The introduction sets the stage for a comprehensive exploration, but it would benefit from a clearer delineation of the specific objectives. Consider explicitly stating the research questions or hypotheses to guide readers through the study's purpose more effectively.
- Methodology Rigor:** While the literature review approach is appropriate, the methodology section lacks clarity on the selection criteria for the literature. Providing a more detailed explanation of the inclusion and exclusion criteria will enhance the transparency of your literature review methodology.
- Theoretical Framework Integration:** Strengthen the integration of theoretical frameworks by explicitly connecting them to the study's objectives. Clarify how each framework informs the understanding of social integration in multicultural urban settings and its impact on sustainable development.
- Empirical Examples:** Enhance the article's depth by incorporating specific empirical examples or case studies. Real-world instances would help illustrate the theoretical concepts discussed and provide practical insights for readers and policymakers.
- Discussion on Gaps and Future Directions:** While the article acknowledges gaps in the current literature, the discussion on these gaps could be more extensive. Delve deeper into the implications of these gaps for future research and suggest potential avenues for scholars to address the identified limitations in understanding multicultural dynamics and sustainable development.

I hope you can make improvements as soon as possible and send the revised article again via this email.

Dear

Firdaus W. Suhaeb, et al.
Universitas Negeri Makassar, Indonesia

Thank you for the team's efforts to make improvements to the article.
Based on the reviewers' considerations, the article has, at some point, increased.
However, the team has to improve on a few more points. Hopefully team are willing to do it.

Please follow the following revision instructions:

#Reviewer 2:

- Conceptual Clarity on Social Integration Mechanisms:** The article adeptly explores theoretical frameworks, but the discussion on the mechanisms of social integration could be more explicit. Elaborate on the specific processes or interactions that foster social integration in urban multicultural settings, providing a clearer conceptual framework for readers to grasp.
- Quantitative vs. Qualitative Insights:** Consider incorporating a balanced discussion on both quantitative and qualitative insights. If available, statistical data or case studies could strengthen the article's empirical foundation, offering a more nuanced understanding of the dynamics of social integration in sustainable development.
- In-Depth Analysis of Key Themes:** The key themes such as social cohesion, economic disparity, and environmental sustainability are crucial, but they could benefit from a more in-depth analysis. Devote separate sections to delve deeply into each theme, discussing specific challenges, potential solutions, and their interconnectedness within urban multicultural societies.
- Policy Implications and Recommendations:** The conclusion briefly touches upon insights for policymakers and urban planners, but a dedicated section on policy implications and concrete recommendations would be valuable. Discuss how the study's findings can inform the development of inclusive and sustainable urban policies.
- Language Precision and Consistency:** Ensure consistency in language use and precision throughout the article. Pay attention to terminology related to social integration, sustainable development, and urban multicultural societies to maintain clarity and coherence. A thorough proofreading for language consistency will enhance the overall readability.

Articles that have been revised and please send them back via this email.
